FEATURES & FUNCTIONS

1. Extremely impact-resistant thanks to extra-thick walls – built for the toughest conditions
2. Sealed lid for maximum protection against the ingress of dust, water, and moisture
3. Automatic pressure equalization valve prevents vacuum formation and protects the contents from air pressure changes
4. Thermally stable – even when exposed to extreme temperatures
5. Easy-open, two-stage snap closures for maximum security
6. Corrosion-resistant nylon pins for long-lasting durability
7. Padlock eyelets for added security during transport
8. Sturdy full-length hinge for enhanced structural integrity
9. Wide range of interior options available – including custom foam materials, pick-and-pluck foam, convoluted foam, or divider systems for flexible organization
10. Branding options available via printing or labeling
